

HERSHEY GARDENS

TRIBUTE TREE DONATION

A tribute tree is a touching way to honor a loved one. A list of available tribute trees can be found at HersheyGardens.org or upon request. A plaque will be placed in front of the selected tree and will remain there for the life of the tree.

TREE DONATION GUIDELINES:

Tax-deductible contributions. This program is designed to enable community residents and businesses to make a tax-deductible contribution. The tree donation does not entitle the donor to ownership of the tree. Complete funding for the donation must be processed before the plaque is placed.

Donation period. A donation period is the life of the tree. If a tree is damaged or destroyed within one year of the dedication it will be assessed and evaluated by Hershey Gardens.

Please complete the following information:
